

# 2019 Elementary Enrichment Summer School Courses

June 10<sup>th</sup> to June 28<sup>th</sup>  
8:00AM – 10:00AM  
10:00AM – 12:00PM

## **NEW LOCATION!**

Bennett Elementary School  
2000 58<sup>th</sup> Avenue South  
Fargo ND 58104

*The Fargo Public Schools Elementary Enrichment program offers a wide variety of classes for children who have completed grades 2-5. The summer enrichment courses are intended to strengthen students' self-esteem, learn new abilities, and encourage lifelong learning through creative and enriching activities.*

## Computer Enrichment

This class was created for students that want to have fun while improving their computer skills. Students will have the chance to practice skills, learn something new, and be creative using technology! Students will spend time doing one or more of the following activities: honing your keyboarding skills, creating movies using Movie Maker with Flip cameras, building and programming Lego creations using NXT, creating Google Slides presentations, coding, downloading/importing pictures for multimedia presentations.

Code	Grades	Time	Location	Days	Date	Cost
CRE01	4-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
CRE02	4-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## Writer's Workshop

Do you like to write your own stories? This class is for you! Students have creative control to practice and share their writing. During writing workshop, writers will examine mentor texts of established authors and practice the writing process using original ideas, taking one idea to publication. This experience will not only focus on writing, but will incorporate art through bookmarking as well.

Code	Grades	Time	Location	Days	Date	Cost
WW01	2-3	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
WW02	4-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## Step into STEM

In this course students will be practicing 21st Century Skills through a variety of STEM activities. They will work in teams using critical thinking to find creative solutions to given problems. Some activities will include researching the development of difficult mazes, the construction of arcade games, and exploring with the traction and velocity of roller coasters.

Code	Grades	Time	Location	Days	Date	Cost
STM01	4-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
STM02	2-3	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## French

Aimez-vous danser, chanter, rire, apprendre et imaginer (Do you like to dance, sing, laugh, learn and imagine)? If you answered "Oui" or "Yes", then this is the experience for you! Students will "travel" the French Speaking World through the exploration of song, dance, art, crafts, folklore and cuisine of various francophone regions. Students will learn the alphabet, colors, numbers, greetings and much more. Be ready to sing, dance, learn and have fun! All language levels welcomed and encouraged to join. Allons-y, mes amis!

Code	Grades	Time	Location	Days	Date	Cost
FRE01	3-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
FRE02	3-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## Diving Into Project-Based Learning

Students will create projects to enhance their learning in math, science, technology and art. Students will be engaged in STEM projects and dive into their interests. Students may create a pet store, a zoo, build a dinosaur park or a restaurant. If your child's interest is to build a solar oven, that will be created! All projects will be linked to Common Core Standards in math, and the Next Generation Science Standards. Students will be adding, subtracting, multiplying, dividing, counting money, telling time, and more! These projects will be a springboard to enhance the investigation of math and science curriculum. In addition to this PBL, about 5 hours will be focusing on hands-on-algebra. This unit will get your child an early start on understanding algebra.

Code	Grades	Time	Location	Days	Date	Cost
PBL01	3-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
PBL02	3-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## It's All 3D to Me in a Make-Believe World of Artescapes

"Ahoy Matey"! YOU are invited to explore this hands-on mixed media experience. Students will investigate a variety of mediums and techniques while creating their fantasy worlds of fairies, mermaids and make believe on land, sea and in the city. This class will bring out your most creative self ever by looking at how things are in the real world and add a touch of enchantment. We'll design 2D and 3D environments with a dash of magic; 3D sculptures with a twist of fantasy. The sky is the limit – be the best of the best by exploring this fantastical world you are about to enter! After exploring our fantastical world of artescales, we will be having a gallery show at the end of this enrichment session. Family and friends are invited to attend.

Code	Grades	Time	Location	Days	Date	Cost
MBW01	2-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
MBW02	2-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## Multicultural Art: Around the World in 15 Days of Artistic Creations

Get ready to make an artistic journey around the world in 15 days. We will begin with a tour of the Ancient pyramids. We will learn about and create your choice of a King Tut or Queen Nefertiti mask. We will create hieroglyphics pictures while learning about many other Egyptian secrets. Creating a life size sarcophagus will also be one of our Masterpieces as well. During our next virtual trip, we will also travel to Asia, Africa and Mexico. There we will see the art of Asia with its illustrious dragons and Koi fish. We will also go on a safari to the jungles of Africa and choose one of its amazing animals to paint. We will also tour Mexico to make Sun/Moon Paintings. Be prepared for some surprise projects as well. At the end of their trip, students will have a gallery show in which friends and family may come to view the amazing artwork!

Code	Grades	Time	Location	Days	Date	Cost
MAW01	2-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
MAW02	2-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

SUMMER ENRICHMENT

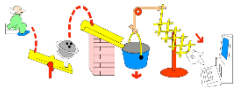

## Reading with Critical Thinking & Writing Creativity

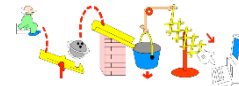

Jacob's Ladder is supplemental reading program that implements targeted readings from short stories, poetry and nonfiction sources. Students engage in an inquiry process that moves from lower to higher order thinking skills. Starting with basic literary understandings, students learn to critically analyze texts by determining implications and consequences, generalizations, main ideas and/or creative synthesis. Our small group reading activities will be engaging and fun while helping to enhance your child's reading comprehension and critical thinking skills. Students will "climb" each ladder together and learn to be more confident readers and critical thinkers along the way! Students will also tap into their creative writing styles by writing stories that pair up with our Jacob's Ladder texts. Students will have a choice of writing short stories, poetry, picture books or informational texts. We will also work on our social skills and get to know one another each day during our routine morning meetings!

Code	Grades	Time	Location	Days	Date	Cost
RCT01	4-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
RCT02	2-3	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## Engineering the Rube Goldberg Way

Learn how to engineer solutions to problems the Rube Goldberg way! Rube Goldberg was an American cartoonist, sculptor, author, engineer, and inventor best known for a series of popular cartoons showing complicated gadgets and steps to perform simple tasks. Students will explore this crazy process by creating their own solutions to a simple task using as many steps as possible. We will learn the engineering process and many lessons in physics, math and science along the way. If you are full of imagination and love inventing your own solutions, come join Engineering the Rube Goldberg Way!

Code	Grades	Time	Location	Days	Date	Cost
ERW01	3-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
ERW02	3-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75

## STEAM Smorgasborg

Smorgasbord means "a wide variety". In this enrichment course, you will get a **taste** of all the STEAM elements: science, technology, engineering, art and math. Students will use the skills of creativity, collaboration and critical thinking through activities such as Ozobot robotics, Squishy Circuits electrical sculptures, puzzling BeakOut Boxes, and problem-solving challenges using Little Bits technology. Take a **taste of something fun and new to you!**

Code	Grades	Time	Location	Days	Date	Cost
SS01	3-5	8:00-10:00	Bennett	Monday-Friday	June 10-June 28	\$75
SS02	3-5	10:00-12:00	Bennett	Monday-Friday	June 10-June 28	\$75
