

Performing Arts

By Patrick Thiel, FPS Performing Arts Facilitator

Arts CAN Do

Did you know that you can help support Visual and Fine Arts in the Fargo Public Schools simply by recycling your aluminum cans? While helping the earth by recycling, you can help the brain and SEL skills of our FPS students by supporting the arts. *Arts CAN Do* recycling receptacles are located at many recycling centers around town. Funds raised through the *Arts CAN Do* program have gone toward student visits to the Plains Art Museum, Creative Arts Studio Residency Programs, a variety of instrument and supplemental curriculum resources. Please deposit your cans into the *Arts CAN Do* receptacles and you will be able to contribute without spending a cent!

Arts CAN Do receptacle locations:

- Coliseum - 807 17th Avenue North
- McKinley Elementary - 2930 North 8th Street
- Longfellow Elementary - 20 Northeast 29th Avenue
- Michelson Ball Park - 901 Oak Street North
