

Fargo Public Schools Student ID Card

A new partnership between the Fargo Public Library and Fargo Public Schools.

Welcome to the Fargo Public Library!

You have chosen to register your student for a Fargo Public Library card during the registration process with Fargo Public Schools. We are very happy to welcome your student to our collections, resources, and services!

Instead of receiving an additional card, your student is able to use their FPS Student ID as a Fargo Public Library card. We encourage you to check out the many services offered by the Fargo Public Library by visiting our [Services page](#).

To login to our [Catalog](#) or other services, your student will use their student ID number and their last name in all capital letters as their password. We encourage you and your student to log into our catalog to make sure all contact information is correct. They may also want to take a moment to change their password.

For more information on this project and our resources, see:
