

# Performing Arts

*By Patrick Thiel, FPS Performing Arts Facilitator*

## Arts CAN Do

You have the power to help support Visual and Fine Arts in the Fargo Public Schools simply by recycling your aluminum cans! While helping the earth by recycling, you can help the brain and soul by supporting the arts. *Arts CAN Do* recycling receptacles are located at many recycling centers around town. Funds raised through the *Arts CAN Do* program have gone toward student visits to the Plains Art Museum, Creative Arts Studio Residency Programs, purchasing music and arts supplies and equipment, and theatre in elementary schools. Please deposit your cans into the *Arts CAN Do* receptacles and you will be able to contribute without spending a cent!

MUSIC IN OUR SCHOOLS MONTH
