If you have ever had a water fight with super soakers, you have black inventor Lonnie Johnson to thank. Lonnie grew up making toys with his brothers – they even made a go-kart out of a lawn mower motor and blew up the kitchen with their experiments. He later went on to get a Master's Degree in Nuclear Engineering and work at NASA.

Are you interested in joining the Trap Shooting Club and missed the info meeting? You can either send us an email at daviestrapteam@outlook.com or sign up in the Main Office. The Trap Shooting Club is open to all 6th, 7th and 8th grade students.
