

FOR IMMEDIATE RELEASE
MEDIA ADVISORY – Thursday, January 31, 2019
Fargo Public School District #1

ED CLAPP PTA TO HOST SCIENCE FESTIVAL

These students and parents will engage in science experiences and fun, hands-on experiences. Such a great way to exercise students' interest in the science field.

WHAT: Ed Clapp PTA to Host Science Festival
WHEN: **Thursday, January 31, 2019 from 5:15 to 7:30 p.m.**
WHERE: Ed Clapp Elementary School, 3131 South 28th Street, Fargo
CONTACT: **Kari Klingman**, Administrative Assistant, 701.446.2905 or klingmk@fargo.k12.nd.us for more information

On Thursday, January 31, from 5:15 to 7:30 p.m., the Ed Clapp Parent Teacher Association (PTA) is hosting a science festival at Ed Clapp Elementary School in conjunction with Bayer's *Making Science Make Sense*® initiative.

During the event, families will visit experiment stations and participate in fun, hands-on activities to help students learn science the way scientists do—by doing it. Stations will teach chemistry, chromatography, biology, animation, and more.

Ed Clapp was one of only 45 PTAs across the country selected to receive a grant from the National PTA's STEM + Families initiative to sponsor this festival. STEM + Families is focused on engaging entire families in STEM experiences at school, at home, in the community and with digital learning environments to support students' success in STEM. This initiative is supported by the Bayer USA Foundation and Making Science Make Sense.
